*Miloslav Polívka*

*Mediaevalia Historica Bohemica* (MHB) is a new non-periodical series of publications by the Historical Institute of the Czech Academy of Sciences. New, but not without precedent. The first MHB volume appeared in 1991, but the series is closely related to the earlier *Folia Historica Bohemica* (FHB), the first volume of which appeared in 1979 and which was launched as a successor to yet another series, *Mediaevalia Bohemica*, which was banned in 1974. In this article, the author describes the quest of Prague-based medievalists for an adequate publishing platform, and he gives the gist of some of the studies that have appeared so far.
